YETIVA.—"Yetiva, or a Trip to the Rockles," was presented at the Academy of Music last night for the first time in this city before a fair-sized audience. Mr. Robert Graham, well known here from former connections with "The Little Tycoon" company and later on in "After the Ball," essayed the role of Gerald Greenback, and made the most of that character. The scenes of the opera are laid in New Mexico, and tells the story in song of the people who inhabit that region. The principal characters were "Yetiva," by Miss Celle Ellis; "Juno," by Miss Lillle Linden; "Dorothy," by Miss Itille Linden; "Dorothy," by Charles W. Strive, and "Hop Lee," by Charles W. Strive, and "Hop Lee," by Charles W. Strive, and at night the company will close its engagement with another performance.

Shot Hinsell.

John Henry Smith, a diminutive colored boy, entered the police station at midnight with a frightened look on his face and a bullet from a 32-calibre pistol imbedded in the little finger of his right hand. He said he was at his home, on the corner of Eermuda street and Bartice's lane, at 11 o'clock last night when another boy came along with a pistol. While trying to lower the tringer the cartridge it contained exploded, sending the baff in his hand. Or. Speight was sent for and while the boy acreamed like an Apache Indian, cut it out and sent him home.

Has a Cure for Every Disease.

VELOUS SUCCESS DEPENDS ON THE PREPARATION OF A SEPA-TATE SPECIFIC FOR EACH ALL

Professor Munyon does not claim that he has one remedy that will cure all complaints, but that he has prepared specific cures for nearly all diseases. He does not claim that his Rheumatism Cure will cure comsumption or dyspepsia, but he does claim that it will cure rheumatism. His Dyspepsia Cure is prepared expressly to cure dyspepsia and all stomach troubles; his Cough Cure to cure coughs and all lung complaints; his Catarrh remedies to cure catarrh. The same may be said of all his different remedies.

Munyon's Remedies are absolutely harmless and effect positive and permanent cures. A separate specific for each disease. At all druggists, mostly 25 cents a bottle.

A Statesman's Endorsement.

The Hon, W. D. Farnham, Jr., of 82 Devonshire tsreet, Hoston, Mass., says: "Of the many medicines I have tried to refleve the terrible distress of indigestion, I know of nothing equal to Mongon's Dyspersia Cure. I have suffered with this trouble for many years, and during an unusually severe attack last month a friend gave me a small bottle of Munyon's cure to try, from which I received almost instant relief. I find that these pellets produce no unpleasant effect, while performing a complete cupe."

Personal letters to Prof. Munyon, 1505 Arch street, Philadelphia, Pa, answered with free medical advice for any disease.

LOOKS NOW LIKE FIGHT.

Odds Are Heavy that the Two Pugilists Will Nect in a Few Days.

Hot Springs, Ark., Oct. 25.—The outlook for a meeting of some kind between Corbett and Flizsimmons is about as favorable to-night as at any time since the original proposition to bring off the mill was made by the local citizens committee to the representatives of the two fighters. The affair will not be under the auspices of the Florida Athletic Club, and the purse will have dwindled from \$41,000 to a fourth of that sum. The mill may be shorn of a large proportion of the vast crowd of spectators and the spectacular effects that have been calculated upon. Corbett is still at Spring Lake to-night, and has said he will remain in training until November 1st.

A long time after midnight to-night several wagon londs of lumber will be seen moving North on Central avenue and visitors to-morrow in the neighborhood of Whittington Park may watch the operation of constructing a twenty-four foot ring. The adds are helvy that in this arena Corbett and Fitzslimmens will have met and decided the championship before the first Sabbath of November has dawned.

Irady said to members of the Clitzens' Committee to-day:

"Corbett proposes to remain and that is all there is to it. Now, you gentiemen, can go ahead with your own plans. We will produce our man at any time and place you may give."

The Clitzens' Committee, which was in session up to a late hour to-night, was inclined to act the mysterious. Nobody would say under whose auspicened to-morrow, or state eventually what new plans were under consideration.

To Elect a Bishop.

Baltimore, Oct. 25.—Isishop Paret, of the Episcopal diocese of Maryiand, just returned from the Minneapolis Convention, is preparing to send out a call for the first convention of the new Episcopal diocese of Washington to cleek a bishop. Of this convention Dishop Paret says:

"I have called the conventior for December 4th, at St. Andrew's Church in Washington. It will last only one day unless there is delay in the election, it might be continued several days if the members should fail to agge.

"There is no precedent limiting the choice of a bishop to the diocese in which the election is held. A choice may be made anywhere in the United States. The convention will be composed of about sixty clergynen and nearly the same number of laymen."

A Freight Train Falls Through a Burning Trestle.

Savannah, Ga., Oct. 25.—Fourteen cars of a South-bound local freight train on the Florida Central and Fengastia railroad went through a burning trestle between Savannah junction and Savannah river at midnight last night and were burned with the trestle. The train consisted of twenty-five cars. The engine and part of the train ran over the trestle before it was seen that it was on fire.

The middle of the train went down in a beap, filling the narrow rayline beneath the trestle, and burning with it. No one was killed. Two trainmen were slightly injured. The railroad officials believe that the fire was the work of incendiaries and detectives were put on the case at once.

The Pastest Train in the World.

The Fastest Train in the World.
Chicago, Ill., Oct. 25.—The Insteat train ever run in the world, taking distance into consideration, will begin making its daily trips over the Atcalson, Topeka and Santa Fe railress on October 29th. It will leave Chicago at 6 p. m. and will reach Los Angeles, Call., on Friday at 6 p. m. making the run of 2.255 miles in 74 hours, allowing for the difference in time. Previous to this the fastest regular long distance train in the world was the California Limited of the Chicago and Northwestern and Union Pacific systems, which made the run from Chicago to San Francisco—2.355 miles—in eighty-five hours and friten minutes. Its average rate of speed for the entire distance was 27.5 miles an hour, while the average speed of the Santa Fe train will be 29.4 miles an hour for the entire distance.
